

## **DOES SEPARATION OF CHURCH AND STATE = SEPARATION OF STATE FROM GOD?**

**by: Fr. Yeghia Hairabedian**

*"Righteousness exalts a nation, but sin is a disgrace to any people."*

- Proverbs 14:34

Recently, federal judge Myron Thompson and the 11th Circuit Court of Appeals (at the instigation of the ACLU) forced Alabama Chief Justice Moore, a devout Christian, to remove a monument of the Ten Commandments (which also contains quotes from our Founding Fathers) from the rotunda of the Alabama Supreme Court building. Millions of Americans watched this American tragedy on TV which was the equivalent of saying to God: "Get out of our lives, and take your Commandments with you".

Here is what the Preamble to the state constitution of Alabama says: "We, the people of the State of Alabama, in order to establish justice, insure domestic tranquility, and secure the blessings of liberty to ourselves and our posterity, *invoking the favor and guidance of Almighty God*, do ordain and establish the following Constitution and form of government for the State of Alabama." Chief Justice Moore was following the constitution of Alabama.

God Himself gave the Ten Commandments and they were given for us to show our love to Him and love to our neighbor. God created everything, and who is man but a creature that is trying to tell Him that you cannot display His Commandments in public. It is those who worship Satan and the atheists who worship themselves that are trying to force their non-religion on everyone. If you have freedom of religion to express yourself about God in public, then no judge has the right to silence you. Interpretations about constitutionality by certain judges and lawyers do not allow the courts to usurp their authority where the Bill of Rights is very clear. Separation of church and state is a concocted notion that was never written in law, but forced on the people to believe by constant repetition - literal brainwashing. You cannot separate creation from the actions of man whether it be in government or any ruling authority. God's authority is over everyone and if man condemns His laws, God's wrath against our nation will take place. The atheists and members of secret societies, who want "God" and all religion removed, do not believe in the Ten Commandments because they are moral degenerates, they favor killing in abortion, theft of your freedoms, and they are liars about the truth. It is time for all those faithful to God to speak out publicly against this removal of His Ten Commandments. A majority of the people believe that God exists, so it is unlawful for a few to dictate that everyone has to be an atheist in public. Stand up for your religious freedoms now or you will lose them. Your country's morality is deteriorating with every court proceeding. ***Change your laws America because God's wrath is about to befall you if you continue on this diabolical path to destruction.*** "Therefore whoever does away with one of these least Commandments, and so teaches men, shall be called least in the kingdom of heaven; but whoever carries them out and teaches them, he shall be called great in the kingdom of heaven." (Matt. 5:19)

The last time the Ten Commandments were destroyed was when Moses threw them to destroy those people who would not believe (Deuteronomy 9:13-17). This signified a division in the people of Israel where one group followed Moses and God and were saved. The other group was following the golden calf that was destroyed. This division

is coming again among the people of America where one group will follow God's Commandments and will be His faithful remnant. The other side believes in separating church and state and promotes atheism. Choose the right path by staying close to God.

In the Exodus it was amazing that right in front of God's Holy Mountain, the Israelites took to worshiping a golden calf. While Moses received the Ten Commandments, the people were making revelry in the sins of the flesh and worshiping a gold bullock. It is ironic today that the people of this evil age are just as sinful. America is denouncing public displays of the Ten Commandments while many are living sinful lives and abusing the pleasures of the flesh. So many also are worshiping riches, but it is in the form of a bull representing the worship of the stock market as their answer to wealth. Moses condemned this evil worship of the golden calf and their lustful sins. And now, God also is condemning the evil worship of money and America's sins of the flesh. Moses gave the people a choice: to belong to the people of God or to live with their idol worship. We are called also to a choice between public worship of God Almighty or the idols of money, sins of the flesh, or even sports idols. This disregard for the Ten Commandments in the distorted minds of liberal judges is a testimony as to how depraved America has become in its moral decadence.

President George Washington-the Father of America-said in his Farewell Address: "Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports. In vain would that man claim the tribute of patriotism who should labor to subvert these great pillars of human happiness, these firmest props of the duties of men and citizens."
